in the
National Council for Special Education**

Section 1: Overview of the NCSE

Background

The National Council for Special Education (NCSE) was set up to facilitate the delivery of education services to persons with Special Educational Needs (SEN) arising from disabilities. The Council was established in December 2003. The NCSE's statutory functions include the coordination of the provision of education supports to children with Special Education Needs (SEN), their families and schools. It includes planning for the inclusion of students with SEN in mainstream education settings and allocating supports for students with disabilities in mainstream and special school settings in accordance with national policies.

The NCSE is an independent civil service body under the aegis of the Department of Education (DE). The Headquarters of the NCSE is located in Trim, Co. Meath and it has approximately 30 local offices throughout the State.

Currently the NCSE support services are delivered through our regional teams comprising:

- Special Educational Needs Organisers (SENOs) who interact with parents and schools in providing resources to support children with special education needs.
- Advisors who provide Teacher Professional Learning (TPL) delivered mainly through seminars and in-school support to schools in the area of special educational needs.
- Visiting Teachers for Deaf/Hard of Hearing or Blind/Visually Impaired, who provide support to children and young people who are Deaf/Hard of Hearing or Blind/Visually Impaired, their families and teachers.
- Occupational Therapists, Speech and Language Therapists and Behaviour & Well-Being Facilitators who provide TPL – including in school support to schools to build school capacity to support students with special education needs.
- ISL – Specialist Classroom Support (SCS) who provide intensive in-class communication support for individual students.
- Head office and other personnel.

The NCSE is currently undergoing a significant organisational expansion which will enhance the delivery of services. It has developed a service delivery strategy based on three fundamental values: community, inclusion, and excellence. The NCSE is determined to encourage all stakeholders to practice conscious inclusion and equity-mindedness. Working for the NCSE entails actively contributes to the advancement of inclusive education, ensuring that all students, regardless of their needs, receive the individualized support they require to completely participate in their day-to-day school activities.

It should also be noted that the development and implementation of the Education Therapy Service (ETS) was announced in June 2025 under the remit of the NCSE. The ETS involves Speech and Language Therapists (SLTs) and Occupational Therapists (OTs) working in partnership with schools and families to provide educationally relevant interventions and strategies that focus on the inclusion, participation and wellbeing of students.

The ETS builds on the strengths of the Education Therapy Support Service (ETSS). The ETS will replace

the ETSS which had been announced in 2024 and reflects the government's commitment to a fully staffed, national therapy service for schools.

Regional Structure

NCSE Operations is currently comprised of the Eastern and Western regions which are led by a National Co-Ordinator in each region.

The Eastern region includes counties Monaghan, Cavan, Leitrim, Louth, Meath, Dublin, Kildare, Wicklow, Laois, Carlow, Wexford, Kilkenny and Waterford.

The Western region includes counties Donegal, Sligo, Roscommon, Longford, Westmeath, Mayo, Galway, Offaly, Clare, Limerick, Tipperary, Cork and Kerry.

Currently, each region has teams in the respective counties comprising of Advisors, SENOs, Visiting Teachers, ISL Advisors, and ISL SCS who are led by a Team Manager. Two teams in the Eastern and Western Regions are also comprised of OTs, SLTs and Behaviour & Well-Being Facilitators.

More information about the NCSE is available on its website at www.ncse.ie

The NCSE is currently recruiting for staff grade Occupational Therapists to be assigned to special schools. This may involve working directly with one school or supporting a number of schools in an area.

NCSE therapists work to deliver a multi-tiered model of support through SLT and OT in partnership with primary, post-primary and special school communities. NCSE currently provide three roles within the therapy service delivery model.

Assigned Therapists to Special Schools Role: Therapists will implement evidence informed, in school therapeutic supports to special schools utilising a three-tiered model of support. This is a collaborative partnership with all members of the school community including children and young people and their parents.

NCSE Sustained In-school Therapy Role: Therapists will implement evidence informed, sustained in-school therapeutic support to a set workload of primary, post-primary and special schools over a defined period of time. This is a collaborative partnership with all members of the school community.

NCSE Regional Therapy Role: OTs working in this role will implement an evidence informed, teacher professional learning pathway of support to teachers in schools. They provide teacher professional learning (TPL) seminars with follow on in-school planning, coaching, modelling and reflection to the teachers who attend their workshops/seminars.

The Occupational Therapists will be responsible for the provision of a high quality, educationally based Occupational Therapy service to designated schools/teachers, children/young people and their parents/guardians in a regional area. The therapist will carry out therapy and educational duties in line with NCSE scope of practice as assigned by the Senior Occupational Therapist/Occupational Therapy Manager.

As noted above, following the establishment of the ETS, in line with the Programme for Government 2025 commitment, the work of NCSE OTs and SLTs in education is complementary to existing or proposed HSE and HSE funded therapy services, it is not a replacement or an alternative to these services.

Accordingly, it is acknowledged that assigned Occupational Therapy roles may evolve to meet the needs of the school community including children and young people ensuring the delivery of an evidence informed quality service. The Education Therapy Service (ETS) aims to maximise every child and young person's participation and potential in education by adopting an evidence informed and educationally relevant multi-tiered model of support.

The ETS focuses on educationally relevant outcomes such as happiness and independence including needs identified in a school setting that will benefit from an education-based therapy response. The ETS will actively promote inclusive education across the full continuum of education supports, while working collaboratively with school staff, parents/guardians existing services such as Primary Care and Children's Disability Network Teams (CDNTs), National Educational Psychological Service (NEPS) and other NCSE services. This includes but is not limited to:

- Deliver multi-tiered, educationally focused supports, strategies and interventions promoting the participation and inclusion of all children and young persons in the curriculum and school life, in line with the continuum of support.

- The development of resource materials for teachers and students, in collaboration with other NCSE staff and school staff.

Superannuation and Retirement

The successful candidate will be offered the appropriate superannuation terms and conditions as prevailing in the Civil Service at the time of being offered an appointment. In general, an appointee who has never worked in the Public Service will be offered appointment based on membership of the Single Public Service Pension Scheme ("Single Scheme"). Full details of the Scheme are at www.singlepensionscheme.gov.ie

Where the appointee has worked in a pensionable (non-Single Scheme terms) public service job in the 26 weeks prior to appointment or is currently on a career break or special leave with/without pay different terms may apply. The pension entitlement of such appointees will be established in the context of their public service employment history.

Key provisions attaching to membership of the Single Scheme are as follows:

- Pensionable Age: The minimum age at which pension is payable is the same as the age of eligibility for the State Pension, currently 66.
- Retirement Age: Scheme members must retire on reaching the age of 70.
- Career average earnings are used to calculate benefits (a pension and lump sum amount accrue each year and are up-rated each year by reference to CPI).
- Post retirement pension increases are linked to CPI.

Pension Abatement

If the appointee has previously been employed in the Civil or Public Service and is in receipt of a pension from the Civil or Public Service or where a Civil/Public Service pension comes into payment during his/her re-employment that pension **will be subject to abatement** in accordance with Section 52 of the Public Service Pensions (Single Scheme and Other Provisions) Act 2012. **Please note: In applying for this position you are acknowledging that you understand that the abatement provisions, where relevant, will apply. It is not envisaged that the employing Department/Office will support an application for an abatement waiver in respect of appointments to this position.**

However, if the appointee was previously employed in the Civil or Public Service and awarded a pension under voluntary early retirement arrangements (other than the Incentivised Scheme of Early Retirement (ISER), the Department of Health Circular 7/2010 VER/VRS or the Department of Environment, Community & Local Government Circular letter LG(P) 06/2013, any of which renders a person ineligible for the competition) the entitlement to that pension will cease with effect from the date of reappointment. Special arrangements may, however be made for the reckoning of previous service given by the appointee for the purpose of any future superannuation award for which the appointee may be eligible.

Department of Education and Skills Early Retirement Scheme for Teachers Circular 102/2007

The Department of Education and Skills introduced an Early Retirement Scheme for Teachers. It is a condition of the Early Retirement Scheme that with the exception of the situations set out in paragraphs 10.2 and 10.3 of the relevant circular documentation, and with those exceptions only, if a

teacher accepts early retirement under Strands 1, 2 or 3 of this scheme and is subsequently employed in any capacity in any area of the public sector, payment of pension to that person under the scheme will immediately cease. Pension payments will, however, be resumed on the ceasing of such employment or on the person's 60th birthday, whichever is the later, but on resumption, the pension will be based on the person's actual reckonable service as a teacher (i.e. the added years previously granted will not be taken into account in the calculation of the pension payment).

Ill-Health-Retirement

Please note any person who previously retired on ill health grounds under the terms of a superannuation scheme are required to declare, at the initial application phase, that they are in receipt of such a pension to the organisation administering the recruitment competition.

Applicants will be required to attend the CMO's office to assess their ability to provide regular and effective service taking account of the condition which qualified them for IHR.

Appointment post Ill-health retirement from Civil Service

If successful in their application through the competition, the applicant should be aware of the following:

1. If deemed fit to provide regular and effective service and assigned to a post, their civil service ill-health pension ceases.
2. If the applicant subsequently fails to complete probation or decides to leave their assigned post, there can be no reversion to the civil service IHR status, nor reinstatement of the civil service IHR pension, that existed prior to the application nor is there an entitlement to same.
3. The applicant will become a member of the Single Public Service Pension Scheme (SPSPS) upon appointment if they have had a break in pensionable public/civil service of more than 26 weeks.

Appointment post Ill-health retirement from public service:

Where an individual has retired from a public service body his/her ill-health pension from that employment may be subject to review in accordance with the rules of ill-health retirement under that scheme.

If an applicant is successful, on appointment the applicant will be required to declare whether they are in receipt of a public service pension (ill-health or otherwise) and their public service pension may be subject to abatement.

The applicant will become a member of the Single Public Service Pension Scheme (SPSPS) upon appointment if they have had a break in pensionable public/civil service of more than 26 weeks.

Please note more detailed information in relation to pension implications for those in receipt of a civil or public service ill-health pension is available [via this link](#) or upon request to NCSE.

Pension Accrual

A 40-year limit on total service that can be counted towards pension where a person has been a member of more than one pre-existing public service pension scheme (i.e. non-Single Scheme) as per the 2012 Act shall apply. This 40-year limit is provided for in the Public Service Pensions (Single Scheme and Other Provisions) Act 2012. This may have implications for any appointee who has acquired pension rights in a previous public service employment.

Additional Superannuation Contribution

This appointment is subject to the Additional Superannuation Contribution (ASC) in accordance with the Public Service Pay and Pensions Act 2017. **Note;** ASC deductions are in addition to any pension contributions (main scheme and spouses' and children's contributions) required under the rules of your pension scheme.

For further information in relation to the Single Public Service Pension Scheme please see the following website: www.singlepensionscheme.gov.ie **The foregoing represents the principal conditions of service and is not intended to be the comprehensive list of all terms and conditions of employment which will be set out in the employment contract to be agreed with the successful candidate.**

Section 7: Important Information

Confidentiality

Subject to the provisions of the Freedom of Information Act, 2014 applications will be treated in strict confidence.

Clearance Procedure

You will be required to complete and return a Garda eVetting form should you come under consideration for appointment. This form will be forwarded to An Garda Síochána for security checks on all Irish and Northern Irish addresses at which you resided, verification of identity, qualifications, experience, and medical status, and the provision of references. However should your application for the competition be unsuccessful this form will be destroyed by NCSE. If you subsequently come under consideration for another position, you may therefore be required to complete a further Garda Vetting Form.

If you have resided / studied in countries outside of the Republic of Ireland for a period of 6 months or more, it is **mandatory** for you to furnish a **Police Clearance Certificate** from those countries stating that you have no convictions recorded against you while residing there. You will need to provide a separate **Police Clearance Certificate for each country you have resided in**. Clearance must be dated after the date you left the country. Candidates should be aware that any information obtained in the Garda Vetting process can be made available to the employing authority.

It is YOUR responsibility to seek security clearances in a timely fashion as they can take some time. You cannot be appointed without this information being provided and being in order.

Eligibility Requirements

Qualifications/eligibility may not be confirmed until the final stage of the process, therefore, those candidates who do not possess the essential requirements and proceed with their application are putting themselves to unnecessary effort/expense and will not be offered a position from this competition.

Please note that NCSE is not in a position to consider or offer advice on the qualifications/eligibility of individuals unless they come under consideration. The onus is on the candidate to ensure they fulfil the eligibility requirements set out. NCSE reserves the right to deem an applicant ineligible at any stage if it is apparent that the candidate does not hold the required eligibility/qualifications e.g. from the submitted application form. Candidates who come under consideration following the final selection stage will be required to provide documentary evidence of their eligibility, including qualifications.

Candidates who are unable to show that they hold the required qualifications may be withdrawn from the competition at any stage. An invitation to tests, interview or any element of the selection process is not acceptance of eligibility.

Other important information

The National Council for Special Education will not be responsible for refunding any expenses incurred by candidates.

The admission of a person to a campaign, or invitation to attend an interview, is not to be taken as implying that the National Council for Special Education are satisfied that such person fulfils the requirements of the competition or is not disqualified by law from holding the position and does not carry a guarantee that your application will receive further consideration. It is important, therefore, for you to note that the onus is on you to ensure that you meet the eligibility requirements for the competition before attending for interview. If you do not meet these essential entry requirements but nevertheless attend for interview you will be putting yourself to unnecessary expense.

Prior to recommending any candidate for appointment to this position the National Council for Special Education will make all such enquiries that are deemed necessary to determine the suitability of that candidate. Until all stages of the recruitment process have been fully completed a final determination cannot be made nor can it be deemed or inferred that such a determination has been made.

Should the person recommended for appointment decline, or having accepted it, relinquish it or if an additional vacancy arises the Board may, at its discretion, select and recommend another person for appointment on the results of this selection process.

Appointment process from panels

Offers of appointment must be accepted within a maximum period of five working days from date of offer; otherwise the offer will be considered as having been refused. If a person refuses, or is deemed to have refused, the post will be offered to the next candidate on the panel for the specific region in accordance with the order of merit. If a candidate:

- Accepts an offer, then he/she will be removed from all other panels for which they have applied.
- Refuses an offer of assignment he/she will be placed at the bottom of that panel and no further offer of assignment will be made to that candidate during the life of that panel until an offer has been made in turn to all other candidates on that panel. When the end of a panel is reached, offers will be made to candidates who previously refused an offer. If this second offer is refused by all candidates, the panel will be deemed to be exhausted.

Candidates with Disabilities

Candidates who have indicated on their application or profile that they would like to avail of reasonable accommodations are asked to submit a psychologists/medical report. The purpose of the report is to provide NCSE with information to act as a basis for determining reasonable accommodations, where appropriate.

These reports must be forwarded to Orange Recruitment at reception@orangerecruitment.ie by **3pm Thursday 30th April 2026**. You should email a scanned copy of the report to reception@orangerecruitment.ie

If you would like to talk about your candidature and any accommodations that may be of benefit during the recruitment process, please contact recruitment@ncse.ie. For further information on the accessibility of our service please see our [Accessibility page](#).

Section 8: Review Procedures

Procedures where a candidate seeks a review of a Decision taken in relation to their application

A request for review may be taken by a candidate should they be dissatisfied with an action or decision taken by the National Council for Special Education (NCSE). The NCSE will consider requests for review in accordance with the provisions of Section 7 of the Code of Practice Appointments to Positions in the Civil and Public Service published by the Commission for Public Service Appointments (Commission). When making a request for a review, the candidate must support their request by outlining the facts they believe show that the action taken or decision reached was wrong. A request for review may be refused if the candidate cannot support their request.

The Commission recommends that, subject to the agreement of the candidate, where the office holder (in this instance the Chief Executive Officer of NCSE) considers the matter could be resolved they should first seek to engage on an informal basis, before making use of the formal review procedure.

Procedure for Informal Review

- A request for Informal Review must be made within 5 working days of notification of the decision, and should normally take place between the candidate and a representative of the NCSE who had played a key role in the selection process.
- Where the decision being conveyed relates to an interim stage of a selection process, the request for informal review must be received within 5 working days of the date of receipt of the decision.
- Where a candidate remains dissatisfied following any such informal discussion, he/she may adopt the formal procedures set out below.
- If the candidate wishes the matter to be dealt with by way of a formal review, he/she must do so within 5 working days of the notification of the outcome of the informal review.

Procedure for Formal Review of Selection Process

- The candidate must address his/her concerns in relation to the process in writing to the Chief Executive, outlining the facts that they believe show an action taken or decision reached was wrong.
- A request for review must be made within 10 working days of the notification of the selection decision. Where the decision relates to an interim stage of a selection process, the request for review must be received within 4 working days.
- Any extension of these time limits will only be granted in the most exceptional of circumstances and will be at the sole discretion of the Chief Executive.
- The outcome must generally be notified to the candidate within 25 working days of receipt of the request for review.

Complaints Process

A candidate may believe there was a breach of the Commission's Code of Practice by NCSE that may have compromised the integrity of the decision reached in the appointment process. The complaints process enables candidates (or potential candidates) to make a complaint under Section 8 to the Chief Executive Officer of the NCSE in the first instance, and to the Commission for Public Service Appointments subsequently on appeal if they remain dissatisfied.

Allegations of a breach of the Code of Practice should be addressed in writing, and within a reasonable timeframe, to the Chief Executive Officer in the first instance. The complainant must outline the facts that they believe show that the process followed was wrong. The complainant must also identify the aspect of the Code they believe has been infringed and enclose any relevant documentation that may support the allegation. A complaint may be dismissed if they the complainant cannot support their allegations by setting out how the National Council for Special Education has fallen short of the

principles of this Code.

On receipt of a complaint, NCSE may determine to engage with the complainant on an informal basis.

For further information on the above procedures please see the Code of Practice *Appointments to Positions in the Civil and Public Service* which is available on the website of the Commission for Public Service Appointments, www.cpsa.ie

There is no obligation on the NCSE to suspend an appointment process while it considers a request for a review. Please note that where a formal review of a recruitment and selection process has taken place under Section 7 of this Code of Practice, a complainant may not seek a further review of the same process under Section 8, other than in the most exceptional circumstances that will be determined by the Commission at its sole discretion.

Requests for Feedback/Test Rechecks

Feedback in relation to the selection process is available on written request. There are no specific timeframes set for the provision of feedback or for carrying out rechecks.

Please note that the Review Process as set out in the Code of Practice is a separate process with specified timeframes that must be observed. Receipt of feedback is not required to invoke a review. It is not necessary for a candidate to compile a detailed case prior to invoking the review mechanism. The timeframe set out in the CPSA Code cannot be extended for any reason including the provision of feedback and/or the outcome of rechecks.

Section 9: Candidates Obligations

Candidates must not:

- knowingly or recklessly provide false information,
- canvass any person with or without inducements,
- personate a candidate at any stage of the process,
- interfere with or compromise the process in any way.

It is important to remember that this is a competitive process for a role where integrity is paramount. Sharing information on the selection process e.g. through social media or any other means, may result in you being disqualified from the competition.

A third party must not impersonate a candidate at any stage of the process.

Please note that all assessment and test materials are subject to copyright and all rights are reserved. No part of the test material (including passages of information, questions or answer options), associated materials or interview(s) may be reproduced or transmitted in any form or by any means including electronic, mechanical, photocopying, photographing, recording, written or otherwise, at any stage. To do so is an offence and may result in you being excluded from the selection process. Any person who contravenes this provision, or who assists another person(s) in contravening this provision, is liable to prosecution and/or civil suit for loss of copyright and intellectual property.

Any person wishing to use such equipment for any of these purposes must seek written permission in advance. This policy is in place to protect the privacy of staff and customers and the integrity of our assessment material and assessment processes.

Unsanctioned use of recording equipment by any person is a breach of this policy. Any candidate involved in such a breach could be disqualified from the competition and could be subject to prosecution under section 55 of the Public Service Management (Recruitment & Appointments) Act, 2004.

In addition, where a person found guilty of an offence was or is a candidate at a recruitment process, then:

- Where he/she has not been appointed to a post, he/she will be disqualified as a candidate, and
- Where he/she has been appointed subsequently to the recruitment process in question, he/she shall forfeit that appointment.

Contravention Code of Practice

Any person who contravenes the above provisions or who assists another person in contravening the above provisions is guilty of an offence. A person who is found guilty of an offence is liable to a fine/or imprisonment.

In addition, if a person found guilty of an offence was, or is a candidate at a recruitment process,

Candidates are expected to provide all requested documentation to Orange Recruitment, including all forms issued by Orange Recruitment for completion, within the time specified. Failure to do so will result in the candidate being deemed to have withdrawn from the competition and their candidature will receive no further consideration.

We aim to provide an excellent quality service to all our customers. If, for whatever reason, you are

unhappy with any aspect of the service you receive from us, we urge you to bring this to the attention of the unit or staff member concerned. This is important as it ensures that we are aware of the problem and can take the appropriate steps to resolve it.

Feedback will be provided on written request. A request for feedback does not impact on the timeframe set out for seeking a review.

Appendix 1

PRSI, Pay and Superannuation implications of moving from a Public Service Body to the Civil Service

PRSI Class

- Prospective candidates who currently have an entitlement to retain their modified PRSI status (Class B, C or D) due to their public service career history (in general, those appointed

to the public service before 6 April 1995 and who have had no breaks in service² between such employments), and who take up a position in the NCSE immediately i.e. with no break in service, will move to Class B PRSI status in accordance with Department of Social Protection regulations.

- Notwithstanding that if an individual has been paying modified insurance while employed in a previous public service body, where a prospective candidate takes a break in service between the last day of service in that body and their appointment to the NCSE, they will move to Class A PRSI, in accordance with Department of Social Protection regulations.

Pay Rate

- It should be noted that members of the Established Civil Service Scheme who hold modified PRSI status (Class B) are not required to make a Personal Pension Contribution (PPC) and as such they will have no entitlement to the Personal Pension Contribution (PPC) Pay Rates referenced in section 6 above.
- Individuals who are currently in situ with the HSE, or elsewhere in the public service with modified PRSI should be aware that should they opt to take up a position in the NCSE, upon appointment they will become a member of the Established Civil Service Scheme, will not be required to make a Personal Pension Contribution and will be placed on the relevant **non-PPC pay scales** on the equivalent **point** (not value) that they are currently on in the HSE. For example, if an individual is currently working in the HSE on point 5 of the relevant pay scale, and they take up a position in the NCSE, they will be placed on the corresponding point 5 on the non-PPC pay scale in the NCSE. This will result in a reduction of their gross pensionable pay and may have an impact on their net pay.
- Individuals should be aware of any potential changes to pay scales if they are currently in situ in the HSE/wider public service, have modified PRSI status, are currently required to make a Personal Pension/Main Scheme Contribution in respect of the membership of a superannuation scheme and they now opt to take up a position in the Civil Service, either through open competition or through an Expression of Interest.

Professional Added Years (PAY)

- Professional Added Years (notional pensionable service added to the actual service of professional, technical, and specialist grades) are a feature of pre 2013 public service pension schemes only and are not applicable in the Single Scheme.
- While Professional Added Years do not transfer under the Public Sector Transfer Scheme, there are provisions in the relevant Civil Service Circulars which may be relevant in respect of facilitating an assessment of Professional Added Years based on the entry requirements of a former public service post.

² Annual leave, careers breaks, weekends and special leave with/without pay **do not** constitute a break in service.

- 'New Entrants' (as defined under the [Public Service Superannuation \(Miscellaneous Provisions\) Act 2004](#), who are assessed under [PAY Circular 8/2005](#) may retain an entitlement to a Professional Added Years assessment based on a former public service post.
- Non-New Entrants in the Civil Service are assessed under [PAY Circular 12/1997](#). Candidates in this cohort who may have a current entitlement to Professional Added Years should contact their HR, who in turn should liaise with the Pensions Policy Unit of the Department

of Public Expenditure, Infrastructure, Public Service Reform and Digitalisation to advise on the relevant provisions to apply.

Purchase of Notional Service (PNS)

- If an individual currently has a purchase of notional service agreement in place, upon taking up a new position, the purchase agreement will cease, and the amount of service purchased will be reduced to reflect the cessation of that purchase agreement.
 - Should the individual wish to continue to purchase service, a new purchase agreement must be commenced, and the relevant prevailing purchase rates at time of entering the new purchase agreement will apply.
1. entitlement to PPC pay rates, superannuation etc.
